Backup notification - Contact Name:

Mobile phone:

Graduate student(s) or staff associated with this project:

Course Name:

Course number:

(e.g. "SAFS 689")

Enrollment:

Please estimate number of students.

Approximate greenhouse space requirement:

Square feet per month

Months requested for space:

(e.g. "August-November, 2014")

Will the proposed activities require classroom, lab or other space in addition to greenhouse space? No **If "Yes," please explain:**

Please provide a short description (Why? What? How?) of the proposed teaching activities that would be appropriate for including in the NHAES Annual Facilities Report:

Do the proposed activities generate plant material that requires special handling (pathogens, insect pests, genetically modified, etc.)? No If “Yes,” please explain:

**Are there potential environmental risks associated with any proposed activities? No
If “Yes,” please explain:**

Special Requirements:

- Temperature range preferred (°F): day , night .
- Is day length critical? No
If “Yes,” please explain:
- Will you require photoperiod or supplemental lighting? No
If “Yes,” what is the day/night ratio? hour day / hour night.
- Fertilizer needed (standard is 15-4-15 CalMag at 150 ppm N)? Yes
- Will additional support of greenhouse staff be required in any way other than basic watering, fertilizing, and pest and disease management? No
If “Yes,” please describe the additional support requested:

- Will the greenhouse space need to be modified in any way other than the standard bench arrangement? No **If “Yes,”** please describe the proposed modification:

- Other requirements (special fertilizers, particular pest or disease concerns, etc.):

NHAES/COLSA response, including any stipulations, etc.:
